					total \$

This is likely about half of the items that were in the storage unit, but I did not have pictures of the unit or an inventory, just relying on my memory and varios photos I had taken. I believe there was also a 1960's pine student desk, a 1960's office chair , antique oak rocking chairs including one that had no arms and had a shelf swivel out from below the seat that held thread bobbins and sewing stuff.
